

A-GrowHiK

High in Potassium Foliar Fertilizer

A-GrowHiK is an essential foliar fertilizer which plays many important regulatory roles in promoting crop yields, flowering, fruit formation, size of fruits, shape, colour and sweetness by:

- Increasing root growth and improves drought resistance
- Activates many enzyme systems
- Maintains turgor; reduces water loss and wilting
- Aids in photosynthesis and food formation
- Reduces respiration, preventing energy losses
- Enhances translocation of sugars and starch
- Produces grain rich in starch
- Increases protein content of plants
- Builds cellulose and reduces lodging
- Helps retard crop diseases.

Nutrient Contents

NPK 5:3:15 + 10% amino + 3% humic

DIRECTION OF USE

50ml A-GrowHiK + 15-30ml MPC / 20 Litre water

SPRAY TIMING

Spray either early in the morning before sunrise or late in the evening after 4.30pm

COMPATIBILITY

Generally compatible with most fungicide and pesticide

STORAGE

Store in cool dry place away from direct sunlight

LANGKAH-LANGKAH PENYEDIAAN

Campur 50ml A-GrowHiK + 15-30ml MPC / 20 Litre air

MASA PENYEMBURAN

Masa yang sesuai untuk menyembur adalah waktu pagi sebelum matahari terbit ataupun lewat petang selepas pukul 4.30 petang

KESERASIAN

Umumnya serasi dengan kebanyakan racun serangga dan racun kulat

STORAN

Simpan di tempat kering, dingin dan jauh daripada matahari
